Travel Destinations: Although most travel, including travel to international destinations, is completed without incident, travel to certain destinations may involve greater risk than others. Balboa urges passengers to review travel prohibitions, warnings, announcements and advisories issued by the United States Government prior to booking travel to international destinations. Disinsection is permitted under international law in order to protect public health, agriculture and the environment. You may have selected a flight/itinerary that is subject to insecticide spraying prior to a flight or while you are on the aircraft. Federal law requires that we refer you to The Department of Transportation's disinsection website which will advise you of all countries that may have this in effect at this time: airconsumer.ost.dot.gov/spray.htm. Information on conditions in various countries and the level of risk associated with travel to particular international destinations can be found at www.state.gov, www.tsa.gov, www.dot.gov, www.faa.gov, www.cdc.gov, www.treas.gov/ofac, & www.customs.gov.
